

Mini Crawlers

Used Mini Crawler Antioch - We have designed lots of Mobile Crane Operation programs at our Crane Training Schools. These programs are recommended for the experienced operator who requires certification or re-certification, and for inexperienced operator who is seeking a job in the business. Positions for crane operators are in demand because of their high rates of pay. Crane operators are among the highest paid of any heavy equipment operator. Our Crane Operator training offers instruction for different mobile cranes. Course content includes Crane Set-up, Wire Rope, Lift Planning, Load Dynamics, Signaling, Load Charts and Rigging. The Crane Training School program is suitable for supervisors, operators and riggers. Course materials include a manual and informative hand-outs. The illustrated safety instruction manual features 100 to 250 pages, depending on the course, of vital and helpful material. Course materials comprise load exercises and load charts for the crane with which the person training is working. Over half of the course comprises Hands-On Safety Training. Practical training is helpful for developing and increasing personnel skills levels. Just experienced journeyman crane instructors are selected to teach the courses. Our instructors have numerous years of industry experience. For all the course we offer, we could include optional testing mechanisms to customize your training. A skills test is usually administered for programs which consist of H.O.S.T. Individuals training would be tested and graded. We provide certified training programs for the following cranes: Lattice Boom/Crawler Cranes; Fixed and Swing Cab Mobile Hydraulic Cranes; Rigging / Signalperson Training and Certification; Articulated Boom / Knuckleboom Cranes; In-The Seat Training and Testing & Certification. Industry standards of practice are evolving as new business requirements surface. There are constant updates to regulations and legislation. Improvements in technology and equipment continue to be made. Industry data collection and analysis detect changing trends. Members maintain the advantage of managing their training programs and certifications. Mobile device alerts keep members ahead of workplace and personal safety news.
